

SIX TOP TIPS

SHORT
your film is
best between
2 & 4
minutes long

STEADY
use a tripod
or rest your
camera on a
bag of rice

SOUND
keep it clear
record sound
separately if
necessary

STYLE
use a variety
of shots:
sizes - close
up, long shot,
mid shot
angles - high,
low, left/right
movements -
pan, tilt,
tracking

SCIENCE
do your
research and
check your
facts

STORY
what do you
want your film
to say to your
audience?
Make sure you
have a
beginning,
middle and
end
